

# Soft Serve Ice Cream Machine

Perfect for small, indoor parties. This machine will give you about 20-30 servings per hour based on a 4 oz. serving.

It plugs into a standard 15-amp plug and is portable.

This machine is designed to use a specific kind of mix that can be purchased also from gold medal. The mixes are shelf stable. They are ready to use (no mixing or blending required) and they are excellent quality mixes containing 3% butterfat. Available in vanilla flavor.

**Additional Features:**

15-amp plug  
Weighs only 55-lbs.  
Perfect for counter-tops  
Has a 1 1/2 gallon capacity

For Guaranteed Successful Use:

1. Use only Gold Medal Products.
2. Plug directly into a 15 amp wall outlet - No Extension Cords Should Be Used!
3. Set inside house – preferably on the kitchen counter.
4. Soft serve ice cream will be ready to be dispensed in about 1 hour and 15 minutes.
